Optional step 17

Spend more time on people, not process.

Discover the one integration suite that can save your team time, so you can focus on what matters most — hiring the right people.

Save time

Quickly access all the information you need without switching between platforms.

Hire qualified candidates

Attract the most qualified candidates and move them through the hiring funnel faster.

Make informed decisions

Strengthen your hiring strategy with relevant candidate insights and data-driven reports.

Pricing: LinkedIn ATS Integrations are provided by LinkedIn at no additional cost if you hold a full Recruiter seat. Some ATS providers may charge a fee for certain integrations.

Integrations for all of your hiring needs

LinkedIn ATS Integrations help you stay efficient at every stage of the hiring process.

Sourcing package

Work seamlessly across Recruiter and your ATS to find qualified candidates faster.

Recruiter System Connect

Connect your ATS to LinkedIn Recruiter to access information when and where you need it, without having to switch between platforms.

Unified Search

Search and message candidates across both your ATS and the LinkedIn network directly from your ATS.

Recommended Matches

Discover candidate recommendations based on job descriptions you post in your ATS.

Reporting package

Understand your sourcing and hiring activities across your entire funnel.

ATS-Enabled Reporting

Gain insight across your end-to-end hiring funnel to optimize where you spend your time and to understand the value of all your sources, including LinkedIn.

Apply package

Streamline the job posting and application processes so you can focus on the most qualified candidates.

Apply Connect

Attract more applicants with a seamless candidate experience and real-time job postings, then use insights to evaluate applicants in your ATS.

Apply with LinkedIn

Let candidates apply to jobs on your career site using their LinkedIn profile information.

Whatever stage your candidates are at, LinkedIn ATS Integrations can move them through the funnel faster with these packaged solutions.

Sourcing package

Sourcing package

Recruiter System Connect (RSC)

Connect your ATS with LinkedIn Recruiter to access candidate information, boost collaboration, and view more applicant data in both Recruiter and JobAdder without having to switch between platforms.

- Get the same candidate data in both Recruiter and JobAdder, saving you time and keeping you up to date wherever you're working
- View a candidate's LinkedIn profile with JobAdder and easily see which candidates are already in JobAdder from Recruiter
- See all Recruiter notes and InMail messages in JobAdder for a complete view of your candidate interactions
- Automatically create or update a profile within JobAdder when a candidate responds to an InMail message
- Activate RSC to pave a path for easier activation of other powerful LinkedIn ATS Integrations

Save time now that you're connected

Connect at no additional cost

RSC is secure and GDPR compliant

Easy setup for Administrators

Step 1 of 4 Configure the integration.

- a Sign in to JobAdder as an Admin.
- b Go to JobAdder's **"Apps & Add Ons"** page in Admin.
- c Find LinkedIn Recruiter and click **"Learn More"**.
- d From the **"Recruiter System Connect (RSC)"** window, click the **"Instructions"** tab to start the enablement process.
- e Click **"Start"** to begin.

The screenshot displays the JobAdder Admin interface. On the left, a sidebar menu shows 'Apps & Add Ons' selected. The main content area shows a grid of application tiles. The 'LinkedIn Recruiter' tile is highlighted with an orange circle 'b' and a 'Learn More' button. Below it, the 'LinkedIn Recruiter System Connect (RSC)' window is open, showing the 'Instructions' tab and a 'Start' button. An orange circle 'c' points to the 'Learn More' button, and an orange circle 'd' points to the 'Instructions' tab. An orange circle 'e' points to the 'Start' button.

Overview **Instructions**

Step 1: Integration Set up

- Click 'Start' to launch the integration module.
- If you are not already signed into your LinkedIn Recruiter account, you will be promoted to 'Sign in' or 'Join now'.
- Select which LinkedIn contract you wish to connect and click 'Continue'. If you need select a different contract later in the process click 'Change Contract'.
- After a contract is selected, click 'Request' under Recruiter System Connect.
- Click 'Admin Settings' to perform Step 2 within LinkedIn Recruiter. If you click 'Go back' the text under Recruiter System Connect will update to either 'Partner ready' or 'Enabled' based on completion of Step 2 (a 'Notify partner' button may also appear, which will allow you to send the integration request again).

Note: Once the configurations complete in LinkedIn (Step 2), reload JobAdder to view the integration status update (Step 3).

[Start](#)

Step 2 of 4 Enable RSC in JobAdder.

- a Click **“Sign in”** to connect the correct LinkedIn Recruiter account.
- b Sign in to your LinkedIn Recruiter account from the pop-up window.
- c Select a LinkedIn Recruiter contract to connect to the JobAdder account and click **“Continue”**.

Overview

Instructions

Step 1: Integration Setup

- Click "Start" to launch the integration setup.
- If you are not already signed in to your LinkedIn Recruiter account, you will be prompted to "Sign in" or "Join now".
- Select which LinkedIn Recruiter contract you want to connect to JobAdder and click "Continue". If you need select a different contract later in the process, click "Change Contract".
- After a contract is selected, you will be prompted to "Sign in" to your LinkedIn Recruiter account.
- Click "Admin Settings" to configure the integration. Once the configuration is completed in LinkedIn, the status will change to Enabled. Follow the steps in the image below to enable:

Note: Once the configuration is complete in LinkedIn (Step 2), reload JobAdder to view the integration status update (Step 3).

Step 2: Connect LinkedIn Recruiter to JobAdder
Visit your LinkedIn Recruiter account to connect JobAdder. Once the configuration is completed in LinkedIn, the status will change to Enabled. Follow the steps in the image below to enable:

Step 3 of 4 Set up integration in JobAdder.*

- a** Admins can request to activate integrations all at once — across all packages — inside the onboarding widget.**

Please note: Default access level is contract level for sourcing packages versus company level for reporting and applicant management packages.

- b** (Optional) Connection not moving fast enough? Nudge partners with a notification.

- c** Click **“Save changes”** to confirm integration activation. Your integrations will be turned on at this point.

*Check with your ATS to ensure all features are enabled for you.

**If an integration package or feature is grayed out, it's either because your ATS is not offering it at this time or you don't have the permission to adjust this package. Check with your ATS to ensure all features are enabled for you or to request an integration.

LinkedIn ATS Integrations → Sourcing → Recruiter System Connect

Step 4 of 4 Track RSC integration status.

- a The contract should be set to **“Enabled”** and the Integration Status should read **“In Progress”**.
- b When finished, the integration status will read **“Complete”** and **“Activated”** for your current contract and you will receive an email to confirm.

- If you are not already signed into your LinkedIn Recruiter account, you will be promoted to 'Sign in' or 'Join now'.
- Select which LinkedIn contract you wish to connect and click 'Continue'. If you need select a different contract later in the process click 'Change Contract'.
- After a contract is selected, click 'Request' under Recruiter System Connect.
- Click 'Admin Settings' to perform Step 2 within LinkedIn Recruiter. If you click 'Go back' the text under Recruiter System Connect will update to either 'Partner ready' or 'Enabled' based on completion of Step 2 (a 'Notify partner' button may also appear, which will allow you to send the integration request again).

Note: Once the configuration is complete in LinkedIn (Step 2), **reload** JobAdder to view the integration status update (Step 3).

Integration Status

Based on number candidates files in JobAdder, it can take up to 4 business days to complete the integration. We will email you once it's complete.

In Progress

Step 2: Connect LinkedIn Recruiter to JobAdder

Visit your LinkedIn Recruiter account to connect JobAdder. Once the configuration is completed in LinkedIn, the status will change to Enabled. Follow the steps in the image below to enable:

Note: Admins must turn on 'Contract Level Access' to enable the integration from their specific dashboard (if you have multiple LinkedIn Recruiter dashboards).

Sourcing package

Unified Search

Save time by searching and sourcing from JobAdder and LinkedIn simultaneously. Access JobAdder candidate records not found on LinkedIn and explore LinkedIn outside your ATS, covering all your bases. Save candidates to a job and send InMail messages without leaving JobAdder.

Note: You must activate [Recruiter System Connect \(RSC\)](#) to integrate Unified Search.

✗ This integration currently isn't available with JobAdder.

Want this integration? Reach out to your JobAdder rep.
Or, you can [let us know](#) you're interested in this integration.

Save time with less searching

Find candidates across networks

Engage directly from JobAdder

Sourcing package

Recommended Matches

Let LinkedIn do the work for you. Discover candidate recommendations based on job descriptions you post in your ATS. Save your favorite candidates, send them InMail messages, and easily archive candidates from your ATS. Matches continually improve with each use.

Note: You must activate [Recruiter System Connect \(RSC\)](#) to integrate Recommended Matches.

Get automatic recommendations

Discover qualified candidates faster

Engage directly from JobAdder

Reporting package

ATS-Enabled Reporting

Gain insight across your end-to-end hiring funnel to optimize where you spend your time and understand the value of all your sources, including LinkedIn. This integration is available for any customer who has activated RSC.

Gain more actionable insights

Discover valuable sources

Make more informed decisions

Step 1 of 2 Configure the integration.

- a Sign in to JobAdder as an Admin.
- b Go to JobAdder's **"Apps & Add Ons"** page in Admin.
- c Find LinkedIn Recruiter and click **"Learn More"**.
- d From the **"Recruiter System Connect (RSC)"** window, click the **"Instructions"** tab to start the enablement process.
- e Click **"Start"** to begin.

The image displays two screenshots from the JobAdder Admin interface. The top screenshot shows the 'Apps & Add Ons' page, which lists various integrations such as Gmail, Outlook, PeopleAdder, HiringManager, Email Sync, SMS, Calendar Sync, xero, and REVELIAN. An orange circle labeled 'b' points to the 'Apps & Add Ons' menu item in the left sidebar. Another orange circle labeled 'c' points to the 'Learn More' button for the LinkedIn Recruiter integration. The bottom screenshot shows the 'LinkedIn Recruiter System Connect (RSC)' window. It features the LinkedIn logo and a description of the integration. The 'Instructions' tab is selected, and an orange circle labeled 'd' points to it. At the bottom of this window, there is a blue 'Start' button, which is pointed to by an orange circle labeled 'e'.

Step 2 of 2

Set up ATS-Enabled Reporting in JobAdder

- a You'll see the onboarding widget. Then select the **"Reporting Package"** to activate ATS-Enabled Reporting.
- b Click **"Save changes"** to confirm integration activation. Your integration will be turned on at this point.

LinkedIn ATS Integrations → Reporting → ATS-Enabled Reporting

Apply package

Apply Connect

Optimize your candidate experience and encourage more job seekers to easily apply. Post your roles in real-time to LinkedIn from JobAdder and leverage dynamic LinkedIn profile and application data in JobAdder including relevant skills based on the job. Enable applicant notifications to send application status updates automatically to candidates across key stages in the application cycle.

✕ This integration currently isn't available with JobAdder.

Want this integration? Reach out to your JobAdder rep.

Or, you can [let us know](#) you're interested in this integration.

Get dynamic LinkedIn Profile information

Find qualified applicants faster

Reduce candidate drop-off

Optional step

Adjust your access settings in Recruiter.

- a Open your LinkedIn Recruiter Admin account in a new tab.
- b Scroll down to your JobAdder section.
- c Connect “**Contract Level Access**”, “**Company Level Access**”, or both by clicking “**On**” for the desired access.
- d Activate 1 click export to quickly transfer simple candidate information to your ATS.
- e Activate the InMail stub profile API to create or update profiles in your ATS when a candidate consents to share their contact information with your company via InMail.
